ATTACK VLADIVOSTOK

RUSSIANS BELIEVE THAT WILL BE THE NEXT MOVE OF THE JAPANESE FORCES.

PURSUIT SEEMS ABANDONED

SCOUTS OF RETREATING RUSSIAN ARMY FIND NO ENEMY SOUTH OF THEM.

St. Petersburg, March 28.—The impression prevalent in some military circles that the Japanese, having removed the possibility of the main army in Manchuria assuming the initiative, will now turn their attention to the next objective of the war, Vladivostok, is strengthened by the Associated Press dispatch from Gungshu pass announcing the departure of the Japanese from the immediate front of the Russian army for a distance of thirty-five miles south. It is realized, of course, that this may be merely a blind to cover flanking operations, but it is not improbable that the Japanese, having cleared southern Manchuria of Russian troops and secured a position from which expulsion would be a long and difficult process, may be satisfied to hold the Tie pass line without further extension of communication.

While the voice of the emperor's advisers is for peace, if honorable terms are obtainable, the government, as is the part of wisdom, is going forward with all provisions for the continuance of the war. Preparations are reported to be making for the mobilization of five corps. It had been understood that the guards would be retained at St. Petersburg, but some of the officers of this crack organization believe their services have been requisitioned and are making preparations to that end.

There has been a recrudescence of reports of a change in the head of the war office. It was stated Monday night in a usually well informed source that Lieutenant General Sakharoff will leave very shortly and be succeeded by General Ridger, now chief of the chancellery of the war office. It is also generally reported that General Polivanoff will be appointed chief of the general staff. Both Polivanoff and Ridger are of the younger class of generals, but have high repute as theoreticians and administrators. General Ridger is the author of a number of text books on tactics.

The government is advised that Chinese bandits are appearing in great numbers along the Siberian railway and causing interference with the train service.

RUSSIAN GENERAL DEAD.

Aged Soldier Dies on Eve of His Departure for Manchuria.

London, March 28.—The correspondent at St. Petersburg of the Times reports that General Dokstouff, who was to start Wednesday to join General Kaulbar's staff in Manchuria, died Monday as the result of an apoplectic stroke from running upstairs in the war office to thank the minister of war for his appointment. Dokstouff, who was seventy years of age and the hero of several campaigns, had begged to be sent to Manchuria because he wished to die a soldier's death.

WITH FORTUNE ON HIS PERSON.

Aged Man Is Wandering About in Iowa.

Burlington, Ia., March 28.—Somewhere between Burlington and Rome, Ia., Robert Berry, an octogenarian, is believed to be wandering with \$90,000 on his person. At the instance of his niece, Miss Lena Balles of Rome, the police have been notified and a vigorous search instituted. It is understood that Berry had promised a gift of \$50,000 to Miss Balles, claiming that he was her father's long lost brother.

Berry had \$40,000 in cash and a certified check for \$50,000. He started for Burlington to get the check cashed.

KILLED HER THREE CHILDREN.

Woman Murdered Them That She Might Marry Again.

Paducah, Ky., March 28.—Declaring that George Alberton promised to marry her if she would get rid of her three children, Mrs. Mary Brockwell broke down and confessed that she killed the little ones, aged three, four and five years, by giving them morphine and coal oil. The woman further stated that her husband was in an asylum and she could not support the children. Alberton has been arrested as an accessory.

Last Saturday night the three children died under suspicious circumstances.

CAUSES GREAT ANXIETY.

Internal Situation in Russia Continues Grave.

St. Petersburg, March 28.—The internal situation is causing great anxiety, though it is considered that the "intellectuals" and educated class generally disapprove of the revolutionary spirit which is permeating the peasantry and laborers in Poland. The Crimea is boiling with discontent and the strong hand of the military force has been invoked to crush the incipient revolution at Yalta, near the emperor's summer residence.

The spirit of disorder has spread to Sebastopol.

Moderate Liberals in St. Petersburg are becoming alarmed at the situation, reports being received that an active revolutionary propaganda is being pushed with vigor in many sections of the empire. The authorities of the government of Saratoff are closing the schools there on account of the peasant disturbances.

GRESSLER ROSSEAU CONVICTED.

Found Guilty of Sending Infernal Machine to Steamer Umbria.

New York, March 28.—Gessner Rosseau, also known as Gessler Rosseau, was convicted during the day before Recorder Goff of having sent with malicious intent an infernal machine to the Cunard steamer Umbria in this city on May 5, 1903. The prisoner received the verdict calmly and without comment and was remanded to the Tombs for sentence on Friday. The maximum penalty for the offense is five years imprisonment.

KILLS ANOTHER MAN'S WIFE.

Wisconsin Man Shoots Woman in Quarrel Over Money Matters.

Grand Rapids, Wis., March 28.—In the town of Saratoga, Abraham Kapyski, aged thirty-three, shot and killed Rebecca Finkelstein, aged thirty, wife of S. Finkelstein, during the day, and then hastened to this city and gave himself up to the officers. He was pursued to this city by an angry mob. The killing was the result of a quarrel over money matters.

SINKS DURING STORM

SKIFF WITH FIVE MEN IN IT IS SWAMPED AND ALL THE OCCUPANTS DROWNED.

St. Joseph, Mo., March 28.—Five men lost their lives in the Missouri river here at night.

The men were engaged in dyke building operations on the Kansas side of the river opposite the water pumping station. They had been brought to the Missouri side each evening by a small steamer, but on account of a heavy wind and rain storm in the evening the steamer was delayed and the men, rather than spend the stormy night in a shack on the Kansas bank, determined to cross in a skiff. About mid-stream the overloaded skiff was swamped by the high waves and four of the men sank in the muddy water and were seen no more. The fifth sank before help could reach him.

MUNICIPAL ELECTIONS HELD.

Purely Local Issues Decide Contests in Iowa.

Des Moines, Ia., March 28.—Municipal elections were held in many of the cities and towns of Iowa during the day. Party lines were for the most part discarded, and the elections decided on purely local issues, people and citizens tickets frequently replacing those of the standard political parties.

Only two possible contests are reported; one in Ottumwa, where a voting machine in one ward failed to work, and the other in Mount Vernon, where it is said that the defeated candidate for mayor will challenge the votes of a number of students who cast their ballots.

John C. Williams, Dem., was elected mayor of Oskaloosa; O. L. Ingle was elected mayor of Marshalltown; George W. Ball, Dem., was elected mayor of Iowa City.

Mayors elected in other principal cities of the state are: Waterloo, John R. Rector; Ottumwa, B. F. Sluts; Fort Dodge, S. J. Bennett; Cedar Falls, William H. Merner; Boone, W. W. Goodykoontz; Storm Lake, P. C. Toy; Creston, J. C. Sullivan; Mason City, A. W. Dawson; Shenandoah, C. M. Conway; Esterville, Jack J. Groves.

May Change Situation.

San Domingo, March 28.—A note from American Minister Dawson to the Dominican government, published here, indicates that the pending Dawson-Sanchez convention, subject to favorable report by the committee on foreign affairs, has reasonable prospects of being ratified by the United States senate in October, and has created a mixed impression and confidence. It may cause the situation to change completely.

MINNESOTA TORNADO

LITTLE TOWN OF LOUISBURG ALMOST WIPED OUT OF EXISTENCE BY A STORM.

LOSS OF LIFE IS REPORTED

FROM TWO TO SEVEN PEOPLE SAID TO HAVE BEEN KILLED AND SEVEN INJURED.

St. Paul, March 28.—A report reached this city late at night that the little town of Louisburg, in the extreme western portion of the state, had been practically wiped out by a tornado and that seven persons had been seriously injured. It was also stated that from two to seven were killed, but up to a late hour it has been impossible, owing to lack of telegraph facilities, to verify the latter statement.

Louisburg is a town of about 100 inhabitants in Lac qui Parle county and has neither telephone nor telegraph connection with the outside world. Reports from nearby towns, however, state that three store buildings were entirely demolished and that every residence in the town was more or less damaged.

Fatal Tornado in Kansas.

Eldorado, Kan., March 28.—A tornado struck the business portion of this city at night, injuring several persons, one fatally and wrecking a hotel and schoolhouse.

SUSPECT UNDER ARREST.

Man Accused of Complicity in Double Murder Caught.

Green Bay, Wis., March 28.—After a search that has extended through ten states and much of Canada, Thomas Wesley, a native of Green Bay, was arrested here during the day by the police on suspicion of being an accomplice in the double murder near Bemidji, Minn., on the Mesabi range, in February, 1904, of a homesteader named Dahl, sixty years old, and Dahl's unmarried daughter, aged twenty-one years. After an absence of nine years, Wesley, penniless and attired as a woodsman, returned here, having beaten his way on a freight train. He went to the home of his mother, where he was arrested in bed.

"This is the first I've heard of it," said the prisoner, when confronted with the murder charge.

He is exceedingly nervous and refuses to talk of his arrest.

Russell Sage Very Ill.

New York, March 28.—The Tribune says that the condition of Russell Sage, who has been confined to his home for some time, is much more serious than has been reported. His physician visits him daily and says he has a good chance for recovery.

MOHAWK RIVER OVERFLOWS.

Tears Away Part of the Erie Canal Embankment.

Schenectady, N. Y., March 28.—The Mohawk river, which has been gorged with ice about six miles west of this city, at night overflowed into the Erie canal, which runs parallel to it here, tearing the embankment away for more than 200 feet. The canal was empty, but in less than an hour there was a rush of water which flooded the streets in this city adjacent to the canal, carried away houseboats from their moorings and rendered many houses uninhabitable. Huge cakes of ice tore down the poles carrying the feed wires from the power house, so that this city was in total darkness. Several railways are inundated. There have been no trains from the West since morning. A twenty-foot gorge is forming at Hockman's Ferry, backing up the water, which spread over the flats and flowed around the gorge, which threatens to break at any time. The river at this point is rising at the rate of six feet an hour, a record which has not been reached for eight years.

CALL FOR GENERAL ELECTION.

Will Be Issued by the Philippines Commission.

Washington, March 28.—Secretary Taft has notified President Roosevelt that the census of the Philippine Islands had been completed and published and under the law of July 1, 1902, two years from this date the president shall direct the Philippines commission to call a general election for the choice of delegates to a popular assembly. All legislative power in the islands will thereafter be vested in a legislature consisting of two houses, the Philippines assembly and the Philippines commission. The condition upon which the election is to be called is that complete peace shall have prevailed in the territory of the islands not occupied by Moros and other non-Christian tribes.

The popular election is not to extend to the Moro tribes.

Two resident commissioners to the United States will be elected when a legislature is chosen.

MAY LEAD TO A WAR

CASTRO'S CONDUCT MAY PROVOKE A CONFLICT WITH COLOMBIA.

Trinidad, March 28.—President Castro has again refused to resume diplomatic relations with Colombia, and in so doing has created a situation which many South American diplomats fear will lead to war between Colombia and Venezuela.

Early in February President Reyes sent Lucas Caballero as minister to Venezuela, having been advised that President Castro desired the re-establishment of diplomatic relations between the two republics. For more than a month after his arrival in Caracas Senator Caballero was ignored. He was never officially received, but finally Lopez Baralt, formerly minister of foreign affairs, was named to confer with him.

A sort of protocol was presented to Senator Caballero by Senator Baralt, in which it was stipulated that in consideration of the resumption of diplomatic relations with Venezuela, Colombia must cede to Venezuela the two border provinces, which the king of Spain recently gave to Colombia in settlement of the controversy between Venezuela and Colombia. It was also stipulated in the protocol that five political refugees now in Colombia be returned to Venezuela and that thirty-four other political refugees be expelled from Colombia.

Insisted on Concessions.

President Castro insisted through his representative, Baralt, that these concessions should be made by President Reyes in settlement of damages Colombia is alleged to have inflicted on Venezuela by assisting the Matos revolution, which developed near the Colombian border and was waged chiefly with supplies said to have been obtained through Colombia. Although Colombia is anxious to resume diplomatic relations with Venezuela and have the ruinous embargo raised which Castro placed on commerce along the eastern boundary of Colombia, President Reyes resented the attitude of Castro and authorized Caballero to withdraw from Venezuela at once if he held such action advisable. The Colombian minister and his secretary left Caracas and are now at Maracaibo. The Castro government is said to have asked that they remain in Venezuela until the relations between the two republics can be discussed more fully.

At present Colombia is in such an unsettled condition and its finances are so low that war seems unlikely, but diplomats familiar with South American politics believe the time is not far distant when Colombia will take up arms against Venezuela if the commercial restrictions placed on the eastern part of Colombia are not modified.

SPOONER FOR PRESIDENT.

Washington, March 28.—Senator Spooner was nominated during the evening for the presidency by Secretary Taft, following a speech made by the senator, who said he would rather see Secretary Taft chief justice of the supreme court than president. This was done at the twentieth annual banquet of the Psi Upsilon association of Washington, held in honor of Secretary William H. Taft, who was elected president for the ensuing year. Senator Spooner, the retiring president, acted as toastmaster.

WITHOUT LEGAL AUTHORITY.

Board of Appraisers Holds President Roosevelt Postponed Treaty.

New York, March 28.—A board of the United States general appraisers announced a decision during the day in which they held that President Roosevelt possessed no legal authority to postpone for ten days the date when the Cuban reciprocity treaty took effect, as he did in his proclamation of the treaty. The case was brought by the Dalton company, which protested the imposition of the full duty on two consignments of cigars.

Man Accused of Complicity in Double Murder Caught.

Green Bay, Wis., March 28.—After a search that has extended through ten states and much of Canada, Thomas Wesley, a native of Green Bay, was arrested here during the day by the police on suspicion of being an accomplice in the double murder near Bemidji, Minn., on the Mesabi range, in February, 1904, of a homesteader named Dahl, sixty years old, and Dahl's unmarried daughter, aged twenty years. After an absence of nine years, Wesley, penniless and attired as a woodsman, returned here, having beaten his way on a freight train. He went to the home of his mother, where he was arrested in bed.

"This is the first I've heard of it," said the prisoner, when confronted with the murder charge.

He is exceedingly nervous and refuses to talk of his arrest.

Russell Sage Very Ill.

New York, March 28.—The Tribune says that the condition of Russell Sage, who has been confined to his home for some time, is much more serious than has been reported. His physician visits him daily and says he has a good chance for recovery.

MOHAWK RIVER OVERFLOWS.

Tears Away Part of the Erie Canal Embankment.

Schenectady, N. Y., March 28.—The Mohawk river, which has been gorged with ice about six miles west of this city, at night overflowed into the Erie canal, which runs parallel to it here, tearing the embankment away for more than 200 feet. The canal was empty, but in less than an hour there was a rush of water which flooded the streets in this city adjacent to the canal, carried away houseboats from their moorings and rendered many houses uninhabitable. Huge cakes of ice tore down the poles carrying the feed wires from the power-house, so that this city was in total darkness. Several railways are inundated. There have been no trains from the West since morning. A twenty-foot gorge is forming at Hockman's Ferry, backing up the water, which spread over the flats and flowed around the gorge, which threatens to break at any time. The river at this point is rising at the rate of six feet an hour, a record which has not been reached for eight years.

CALL FOR GENERAL ELECTION.

Will Be Issued by the Philippines Commission.

Washington, March 28.—Secretary Taft has notified President Roosevelt that the census of the Philippine Islands had been completed and published and under the law of July 1, 1902, two years from this date the president shall direct the Philippines commission to call a general election for the choice of delegates to a popular assembly. All legislative power in the islands will thereafter be vested in a legislature consisting of two houses, the Philippines assembly and the Philippines commission. The condition upon which the election is to be called is that complete peace shall have prevailed in the territory of the islands not occupied by Moros and other non-Christian tribes.

The popular election is not to extend to the Moro tribes. Two resident commissioners to the United States will be elected when a legislature is chosen.

MAY LEAD TO A WAR

CASTRO'S CONDUCT MAY PROVOKE A CONFLICT WITH COLOMBIA.

Trinidad, March 28.—President Castro has again refused to resume diplomatic relations with Colombia, and in so doing has created a situation which may lead to war between Colombia and Venezuela.

Early in February President Reyes sent Lucas Caballero as minister to Venezuela, having been advised that President Castro desired the re-establishment of diplomatic relations between the two republics. For more than a month after his arrival in Caracas Senor Caballero was ignored. He was never officially received, but finally Lopez Baralt, formerly minister of foreign affairs, was named to confer with him.

A sort of protocol was presented to Senor Caballero by Senor Baralt, in which it was stipulated that in consideration of the resumption of diplomatic relations with Venezuela, Colombia must cede to Venezuela the two border provinces, which the king of Spain recently gave to Colombia in settlement of the controversy between Venezuela and Colombia. It was also stipulated in the protocol that five political refugees now in Colombia be returned to Venezuela and that thirty-four other political refugees be expelled from Colombia.

Insisted on Concessions.

President Castro insisted through his representative, Baralt, that these concessions should be made by President Reyes in settlement of damages Colombia is alleged to have inflicted on Venezuela by assisting the Matos revolution, which developed near the Colombian border and was waged chiefly with supplies said to have been obtained through Colombia. Although Colombia is anxious to resume diplomatic relations with Venezuela and have the ruinous embargo raised which Castro placed on commerce along the eastern boundary of Colombia, President Reyes resented the attitude of Castro and authorized Caballero to withdraw from Venezuela at once if he held such action advisable. The Colombian minister and his secretary left Caracas and are now at Macuta. The Castro government is said to have asked that they remain in Venezuela until the relations between the two republics can be discussed more fully.

At present Colombia is in such an unsettled condition and its finances are so low that war seems unlikely, but diplomats familiar with South American politics believe the time is not far distant when Colombia will take up arms against Venezuela if the commercial restrictions placed on the eastern part of Colombia are not modified.

SPOONER FOR PRESIDENT.

Wisconsin Senator the Choice of Secretary Taft.

Washington, March 28.—Senator Spooner was nominated during the evening for the presidency by Secretary Taft, following a speech made by the senator, who said he would rather see Secretary Taft chief justice of the supreme court than president. This was done at the twentieth annual banquet of the Psi Upsilon association of Washington, held in honor of Secretary William H. Taft, who was elected president for the ensuing year. Senator Spooner, the retiring president, acted as toastmaster.

WITHOUT LEGAL AUTHORITY.

Board of Appraisers Holds President Roosevelt Postponed Treaty.

New York, March 28.—A board of the United States general appraisers announced a decision during the day in which they hold that President Roosevelt possessed no legal authority to postpone for ten days the date when the Cuban reciprocity treaty took effect, as he did in his proclamation of the treaty. The case was brought by the Dalton company, which protested the imposition of the full duty on two consignments of cigars.

VETOED BY GOVERNOR

HORTON CAPITOL BILL FAILS TO

MEET APPROVAL OF CHIEF
EXECUTIVE JOHNSON.

PROSPECTS OF THE MEASURE BE-

ING PASSED OVER THE VETO
ARE NOT VERY BRIGHT.

St. Paul, March 28.—Governor Johnson has exercised his veto power for the first time.

He sent a message to the senate Monday, returning S. F. 4, the Horton capitol bill, without his signature. The message states his reasons, which in brief are as follows:

It is custom and the best public policy for the governor to have charge of the capitol.

The capitol commission was created to build the capitol, and not to consider it.

The Horton bill invites the commission to delay completion of the building two years, when it should be finished in a few months.

The bill implies that the governor is not competent to discharge this portion of his duties.

The message recommends that another bill be passed, providing for a superintendent of both capitol buildings, to be appointed by the governor or carrying an appropriation. He would have skilled employees put under civil service rules.

The message was not acted upon Monday, as it reached the senate about five minutes after adjournment.

To override the governor's veto a two-thirds majority in each house will be necessary. It may be obtained in the senate, but there is some doubt as to the house. To start with, the house was badly divided on the question. Later the leaders got busy and the required majority was reluctantly given.

In effect, the bill took the control of the big building away entirely from Governor Johnson for the next two years and vested it in the capitol commission. In a vague way the board of control was authorized to purchase needed supplies. This Governor Johnson recommended.

Would Leave Commission in Charge.

As regards its control, he proposed leaving the commission in charge as far as construction was concerned, but demanded that its care be in the hands of a superintendent to be named by him.

As the bill originated in the senate, the veto will first be considered by that body.

The senate was in session for only three-quarters of an hour Monday. Owing to the light attendance the calendar was passed for the day, and the senate considered bills on general orders.

Senator Riecke's bill raising the salaries of the judges of the district courts from \$3,500 to \$4,200, was recommended to pass. The bill will not increase the pay of the district judges in Ramsey, Hennepin and St. Louis counties.

The committee of the whole approved Senator Schaller's bill authorizing county commissioners to allow the county superintendent of certain expenses in cases in which the county superintendent's salary does not exceed \$1,200 per annum.

The other bills recommended for passage were Representative Dargatz's fixing the term of office of trustees of villages organized under title 3, chapter 10 of the general statutes of 1894, and Representative Cole's bill appropriating money to build a road, bridges and culverts in Cass county.

HORSE THIEF WAS MODEST

Wrote A. Purdy to go to Sauk Rapids and Get His Team, Which was Hired Several Days Ago for Short Trip

C. H. Miller a few days ago went to the livery stable of A. Purdy in this city and engaged a team of horses, stating that he wanted to take a drive of 12 miles in the country. Several days passed by and Mr. Purdy commenced to think that he had a "tough one" on his hands and made inquiries. He received word yesterday from Miller from Minneapolis in which he modestly explained that he had taken the team as far as Sauk Rapids and that they were in a stable there. Mr. Purdy went down last night for the team and while down will also get some trace of Miller and have him brought around to explain things.

VETOED BY GOVERNOR

HORTON CAPITOL BILL FAILS TO

MEET APPROVAL OF CHIEF
EXECUTIVE JOHNSON.

PROSPECTS OF THE MEASURE BE-

ING PASSED OVER THE VETO
ARE NOT VERY BRIGHT.

St. Paul, March 28.—Governor Johnson has exercised his veto power for the first time.

He sent a message to the senate Monday, returning S. F. 4, the Horton capitol bill, without his signature. The message states his reasons, which in brief are as follows:

It is custom and the best public policy for the governor to have charge of the capitol.

The capitol commission was created to delay completion of the building two years, when it should be finished in a few months.

The bill implies that the governor is not competent to discharge this portion of his duties.

The message recommends that another bill be passed, providing for a superintendent of both capitol buildings, to be appointed by the governor and carrying an appropriation. He would have skilled employees put under civil service rules.

The message was not acted upon Monday, as it reached the senate about five minutes after adjournment.

To override the governor's veto a two-thirds majority in each house will be necessary. It may be obtained in the senate, but there is some doubt as to the house. To start with, the house was badly divided on the question. Later the leaders got busy and the required majority was reluctantly given.

In effect, the bill took the control of the big building away entirely from Governor Johnson for the next two years and vested it in the capitol commission. In a vague way the board of control was authorized to purchase needed supplies. This Governor Johnson recommended.

Would Leave Commission in Charge.

As regards its control, he proposed leaving the commission in charge as far as construction was concerned, but demanded that its care be in the hands of a superintendent to be named by him.

As the bill originated in the senate, the veto will first be considered by that body.

The senate was in session for only three-quarters of an hour Monday. Owing to the light attendance the calendar was passed for the day, and the senate considered bills on general orders.

Senator Riecke's bill raising the salaries of the judges of the district courts from \$3,500 to \$4,200, was recommended to pass. The bill will not increase the pay of the district judges in Ramsey, Hennepin and St. Louis counties.

The committee of the whole approved Senator Schaller's bill authorizing county commissioners to allow the county superintendent of certain expenses in cases in which the county superintendent's salary does not exceed \$1,200 per annum.

The other bills recommended for passage were Representative Dorsey's fixing the term of office of trustees of villages organized under title 3, chapter 10 of the general statutes of 1894, and Representative Cole's bill appropriating money to build a road, bridges and culverts in Cass county.

C. H. Miller a few days ago went to the livery stable of A. Purdy in this city and engaged a team of horses, stating that he wanted to take a drive of 12 miles in the country. Several days passed by and Mr. Purdy commenced to think that he had a "tough one" on his hands and made inquiries. He received word yesterday from Miller from Minneapolis in which he modestly explained that he had taken the team as far as Sauk Rapids and that they were in a stable there. Mr. Purdy went down last night for the team and while down will also get some trace of Miller and have him brought around to explain things.

WILL BE NO CHANGE IN TRAIN SERVICE

Assistant General Superintendent
Kline States Proposed Change
is Abandoned

NEWS WILL BE WELCOMED HERE

Under Proposed Change He Says
5 and 6 Would Not Have
Been Taken Off.

"There will be no change in the present time card on the Northern Pacific as affecting Brainerd."

This was a statement made by Assistant General Superintendent Kline, of the Northern Pacific to a reporter of THE DISPATCH at the depot this afternoon. Mr. Kline with other officials of the road spent a short time in the city this morning on official business, and realizing that the proposed change in the schedule on the Northern Pacific, which contemplated that Nos. 5 and 6 would be taken off and run by the way of the "cut-off," would injure this city, a DISPATCH representative sought out Mr. Kline for an interview. Mr. Kline was told that the people of Brainerd had become somewhat exercised over the proposed change in the train service between here and the twin cities. He was told that the Commercial Club had already done much good for the city and in the face of the efforts of the members the change was not relished, as it was believed that it would be injurious to the best commercial interests of the city. It was even intimated to Mr. Kline that Brainerd interests demanded some little recognition. In answer to this bit of information Mr. Kline said:

"The people of Brainerd have not now nor never have had any reason to become exercised over any proposed changes in the train service. Even if the change had been made, as contemplated, the same service that the people of Brainerd now enjoy would be in force. It did not mean the taking off of Nos. 5 and 6. It simply meant that two or three cars would be detached from No. 5 at Little Falls and run west over the cutoff. Do you think the people of Brainerd would object to the Northern Pacific running two or three cars from Little Falls to Fargo? The same service so far as Brainerd is concerned would be in vogue if the schedule had gone into effect."

Asked if a time card had been made and submitted for approval he said: "Yes, there was a new card, but this has been abandoned, and there will be no change in the train service here."

"I think one of the reasons that Brainerd objected and the thing that they feared the most," continued Mr. Kline, "was that the city would be taken off the main line. In the natural course of things Brainerd cannot and never will be taken off the main line of the Northern Pacific. The city of Brainerd is on a direct main line to the coast, the company considers it so and the government recognizes it also."

This should put a quietus to all the rumors that have been afloat during the past few weeks. The most recent rumor was to the effect that the new time card would go into effect next Sunday, and after that date Brainerd would see no

more of Nos. 5 and 6.

There have been some rumors as to how these trains would run, and there may have been some foundation for many of these. It was told that the Minnesota & International would run through to Morris, making Little Falls the most advantageous point to change crews, etc. This rumor seemed somewhat authenticated from the fact that the mail clerk on the M. & I. had been instructed that after next Sunday his run would be from Northome to Morris. There was another recent rumor that the M. & I. passenger would run only from Bemidji to Little Falls, but this seemed hardly possible as the facilities for hauling mail north of Bemidji would not be in accord with the contract with the government.

The story ran that Nos. 5 and 6 would run over the "cut off" and that people going from Brainerd to the twin cities would have to take the M. & I. and change cars at Little Falls, connecting with No. 6 at that point.

The same would be true of the Duluth train which now turns at this point. This train was slated to run through to Staples and connect with No. 5 going west.

So it was figured out that Brainerd would just catch a glimpse of these trains as they passed through to connect with other and more important trains at Little Falls and Staples.

The question was put point blank to Mr. Kline today, whether or not such a card would go into effect and he stated that it would not; that all such consideration of the matter had been abandoned. Mr. Kline went west on No. 6.

Fire Played Havoc at the Home of Mr. and Mrs. Frayser Smith This Morning at Early Hour

The home of Mr. and Mrs. Frayser Smith, 706, Fourth Avenue northeast, was almost totally destroyed at an early hour this morning by fire. Mrs. Smith and the baby are visiting with her parents at Lenox. Mr. Smith went home about 6 o'clock in the evening and had his supper after which he spent the evening with a neighbor and came down town for a short time. About 1 o'clock the alarm was turned in and by the time the department arrived the fire had made good headway and the house was gutted.

There being no one at home but very little of the furniture was taken out. Mr. Smith had \$1100 insurance on the house and \$700 on the furniture, which it is thought, will cover the loss.

MUSIC AND DRAMA.

"THE GAY MATINEE GIRL"

"The Gay Matinee Girl" with Miss Marie and a talented company of fun-makers will be seen at the Brainerd opera house on Saturday evening. This is a musical comedy said to contain much catchy music, many good comedy situations and a bevy of pretty girls, handsomely costumed. The clever team, Monroe and Hart are a feature with this attraction.

CREATORE'S BAND

Both the music lovers of Brainerd and those of this city whose musical education has placed upon a higher pinnacle of knowledge and appreciation, will be delighted, enlightened and surprised by the notable concert to be given here at the Brainerd opera house, on Monday evening, April 3rd, by Creatore and his Italian band. This famous organization will be assisted by Sig. Sodero, a Neapolitan harpist of note. Creatore and his band have never failed to draw large and appreciative audiences wherever they have appeared, and the occasion just mentioned will, surely, be no exception to the established rule. "All the world loves a lover" and all in Brainerd and vicinity loves good music and those who can render it. Could there be a stronger or more convincing argument in favor of Creatore's success in this city? It will be the greatest event musically of the season.

W. F. WHITE FOR PLAYING MANAGER

This Gentleman Will Probably
Direct Destinies of St. Cloud-
Brainerd Team

HE IS A MAN WITH A RECORD

He is a Short Stop and is Highly
Recommended as a Player
and Manager.

In all probability W. F. White will direct the destinies of the St. Cloud-Brainerd team as playing manager in the Northern League this season. Manager M. J. Reilly is very much impressed with White and when he was in St. Paul recently had a long interview with him. Negotiations have so far advanced with White that he is now on a still hunt for players for the team and has made some good captures.

Mr. White's long experience in the northwest and his acquaintance with players will make him a valuable man. He played for four years as short stop with the Northwestern University, and graduated from this institution. He coached athletics at St. Alban's Military academy, Knoxville, Ill., for two seasons. In the two years he was there he turned out two championship teams. He later captained the swell Albert Lea team when base ball was at its highest fever there. In 1903 he turned out the champion high school team of the state of Iowa and also played short for Crookston and Fargo the latter end of that season. Last year White turned out the champion independent team of North Dakota at Lisbon. Fargo signed eight of these players on July 15 last year. After August 10 last year he took charge of the Glendive, Mont., team and won the state championship there. He is confident that he can put a winning team for St. Cloud-Brainerd into the Northern League and his record is a clean one and Mr. Reilly is very much impressed. White has a line on a good battery, in fact, he has it cinched and has several other good pitchers on the string.

A Fine Composition.

The following composition is the work of Esther Bellmuth, a B 7th grade pupil of the Lincoln school:

"WHAT THE LINCOLN HAS TO SAY OF PROFESSOR T. B. HARTLEY.

"Mr. T. B. Hartley, our present superintendent of city schools, came to this city some six years ago and has been our efficient superintendent for four years. Two of the six years he was superintendent in Eaton Rapids, Michigan, when he again returned to Brainerd and became our popular superintendent.

"What the schools of Brainerd are today, Mr. Hartley has made them. And our city schools are among the best in the state. With such an efficient, energetic and faithful person at the head, why should they not be?

"A man of deep thought and one who is always studying to obtain the best results for our schools, surely our city should feel proud of our present superintendent, Mr. T. B. Hartley.

"The A6 and B7, Lincoln, think there is no other man just as good as is Mr. Hartley.

"Esther Bellmuth, the writer of this composition, is placing here in black and white the sentiment of the whole grade under Miss Moulton's charge and know, in fact, it is the sentiment of our whole Lincoln school.

"Mr. Hartley seeks to give us the most interesting questions to look up in our daily work and this together with the careful training we are getting from Miss Moulton, is fitting us for good citizens later in life.

"We as a grade thank the members of the board of education for their kindness in procuring the services of so worthy a man as Mr. Hartley and in turn we thank Mr. Hartley for placing us under the careful guidance of such instructors as we have in our Lincoln school."

WILL BE NO CHANGE IN TRAIN SERVICE

Assistant General Superintendent
Kline States Proposed Change
is Abandoned

NEWS WILL BE WELCOMED HERE

Under Proposed Change He Says
5 and 6 Would Not Have
Been Taken Off.

"There will be no change in the present time card on the Northern Pacific as affecting Brainerd."

This was a statement made by Assistant General Superintendent Kline, of the Northern Pacific to a reporter of THE DISPATCH at the depot this afternoon. Mr. Kline with other officials of the road spent a short time in the city this morning on official business, and realizing that the proposed change in the schedule on the Northern Pacific, which contemplated that Nos. 5 and 6 would be taken off and run by the way of the "cut-off," would injure this city, a DISPATCH representative sought out Mr. Kline for an interview. Mr. Kline was told that the people of Brainerd had become somewhat exercised over the proposed change in the train service between here and the twin cities. He was told that the Commercial Club had already done much good for the city and in the face of the efforts of the members the change was not relished, as it was believed that it would be injurious to the best commercial interests of the city. It was even intimated to Mr. Kline that Brainerd interests demanded some little recognition. In answer to this bit of information Mr. Kline said:

"The people of Brainerd have not now nor never have had any reason to become exercised over any proposed changes in the train service. Even if the change had been made, as contemplated, the same service that the people of Brainerd now enjoy would be in force. It did not mean the taking off of Nos. 5 and 6. It simply meant that two or three cars would be detached from No. 5 at Little Falls and run west over the cutoff. Do you think the people of Brainerd would object to the Northern Pacific running two or three cars from Little Falls to Fargo? The same service so far as Brainerd is concerned would be in vogue if the schedule had gone into effect."

Asked if a time card had been made and submitted for approval he said: "Yes, there was a new card, but this has been abandoned, and there will be no change in the train service here."

"I think one of the reasons that Brainerd objected and the thing that they feared the most," continued Mr. Kline, "was that the city would be taken off the main line. In the natural course of things Brainerd cannot and never will be taken off the main line of the Northern Pacific. The city of Brainerd is on a direct main line to the coast, the company considers it so and the government recognizes it also."

This should put a quietus to all the rumors that have been afloat during the past few weeks. The most recent rumor was to the effect that the new time card would go into effect next Sunday, and after that date Brainerd would see no

more of Nos. 5 and 6.

There have been some rumors as to how these trains would run, and there may have been some foundation for many of these. It was told that the Minnesota & International would run through to Morris, making Little Falls the most advantageous point to change crews, etc. This rumor seemed somewhat authenticated from the fact that the mail clerk on the M. & I. had been instructed that after next Sunday his run would be from Northome to Morris. There was another recent rumor that the M. & I. passenger would run only from Bemidji to Little Falls, but this seemed hardly possible as the facilities for hauling mail north of Bemidji would not be in accord with the contract with the government.

The story ran that Nos. 5 and 6 would run over the "cut off" and that people going from Brainerd to the twin cities would have to take the M. & I. and change cars at Little Falls, connecting with No. 6 at that point.

The same would be true of the Duluth train which now turns at this point. This train was slated to run through to Staples and connect with No. 5 going west.

So it was figured out that Brainerd would just catch a glimpse of these trains as they passed through to connect with other and more important trains at Little Falls and Staples.

The question was put point blank to Mr. Kline today, whether or not such a card would go into effect and he stated that it would not; that all such consideration of the matter had been abandoned. Mr. Kline went west on No. 6.

ANOTHER HOME SCORCHED

Fire Played Havoc at the Home of Mr. and Mrs. Frayser Smith This Morning at Early Hour

The home of Mr. and Mrs. Frayser Smith, 706, Fourth Avenue northeast, was almost totally destroyed at an early hour this morning by fire. Mrs. Smith and the baby are visiting with her parents at Lenox. Mr. Smith went home about 6 o'clock in the evening and had his supper after which he spent the evening with a neighbor and came down town for a short time. About 1 o'clock the alarm was turned in and by the time the department arrived the fire had made good headway and the house was gutted.

There being no one at home but very little of the furniture was taken out. Mr. Smith had \$1100 insurance on the house and \$700 on the furniture, which it is thought, will cover the loss.

MUSIC AND DRAMA.

"THE GAY MATINEE GIRL."

"The Gay Matinee Girl" with Miss Marie and a talented company of fun-makers will be seen at the Brainerd opera house on Saturday evening. This is a musical comedy said to contain much catchy music, many good comedy situations and a bevy of pretty girls, handsomely costumed. The clever team, Monroe and Hart are a feature with this attraction.

CREATORE'S BAND

Both the music lovers of Brainerd and those of this city whose musical education has placed upon a higher pinnacle of knowledge and appreciation, will be delighted, enlightened and surprised by the notable concert to be given here at the Brainerd opera house, on Monday evening, April 3rd, by Creatore and his Italian band. This famous organization will be assisted by Sig. Sodero, a Neapolitan harpist of note. Creatore and his band have never failed to draw large and appreciative audiences wherever they have appeared, and the occasion just mentioned will, surely, be no exception to the established rule. "All the world loves a lover" and all in Brainerd and vicinity loves good music and those who can render it. Could there be a stronger or more convincing argument in favor of Creatore's success in this city? It will be the greatest event musically of the season.

At first we were a little backward in saying much about the 1900 washer, but now we do not hesitate in recommending the 1900 washer for everyone that tries them have nothing but praises for them.

W. F. WHITE FOR PLAYING MANAGER

This Gentleman Will Probably
Direct Destinies of St. Cloud-
Brainerd Team

HE IS A MAN WITH A RECORD

He is a Short Stop and is Highly
Recommended as a Player
and Manager.

In all probability W. F. White will direct the destinies of the St. Cloud-Brainerd team as playing manager in the Northern League this season. Manager M. J. Reilly is very much impressed with White and when he was in St. Paul recently had a long interview with him. Negotiations have so far advanced with White that he is now on a still hunt for players for the team and has made some good captures.

Mr. White's long experience in the northwest and his acquaintance with players will make him a valuable man. He played for four years as short stop with the Northwestern University, and graduated from this institution. He coached athletics at St. Alban's Military academy, Knoxville, Ill., for two seasons. In the two years he was there he turned out two championship teams. He later captained the swell Albert Lea team when base ball was at its highest fever there. In 1903 he turned out the champion high school team of the state of Iowa and also played short for Crookston and Fargo the latter end of that season. Last year White turned out the champion independent team of North Dakota at Lisbon. Fargo signed eight of these players on July 15 last year. After August 10 last year he took charge of the Glendive, Mont., team and won the state championship there. He is confident that he can put a winning team for St. Cloud-Brainerd into the Northern League and his record is a clean one and Mr. Reilly is very much impressed. White has a line on a good battery, in fact, he has it cinched and has several other good pitchers on the string.

A Fine Composition.

The following composition is the work of Esther Belmuth, a B 7th grade pupil of the Lincoln school:

"WHAT THE LINCOLN HAS TO SAY OF PROFESSOR T. B. HARTLEY.

"Mr. T. B. Hartley, our present superintendent of city schools, came to this city some six years ago and has been our efficient superintendent for four years. Two of the six years he was superintendent in Eaton Rapids, Michigan, when he again returned to Brainerd and became our popular superintendent.

"What the schools of Brainerd are today, Mr. Hartley has made them. And our city schools are among the best in the state. With such an efficient, energetic and faithful person at the head, why should they not be?

"A man of deep thought and one who is always studying to obtain the best results for our schools, surely our city should feel proud of our present superintendent, Mr. T. B. Hartley.

"The A6 and B7, Lincoln, think there is no other man just as good as is Mr. Hartley.

"Esther Belmuth, the writer of this composition, is placing here in black and white the sentiment of the whole grade under Miss Moulton's charge and know, in fact, it is the sentiment of our whole Lincoln school.

"Mr. Hartley seeks to give us the most interesting questions to look up in our daily work and this together with the careful training we are getting from Miss Moulton, is fitting us for good citizens later in life.

"We as a grade thank the members of the board of education for their kindness in procuring the services of so worthy a man as Mr. Hartley and in turn we thank Mr. Hartley for placing us under the careful guidance of such instructors as we have in our Lincoln school."

TEN YEARS IN PRISON

SENTENCE IMPOSED ON MRS. CAS-

SIE L. CHADWICK BY JUDGE

ROBERT W. TAYLER.

NEW TRIAL NOT GRANTED

COUNSEL FOR THE CONVICTED

WOMAN WILL CARRY CASE

TO HIGHER COURT.

Cleveland, March 28.—Unless the higher court interferes, Mrs. Cassie L. Chadwick will spend the greater part of the next ten years in the Ohio penitentiary.

A sentence of ten years was imposed on her by Judge Robert W. Taylor in the United States district court at 5 p. m. The sentence came at the close of a busy day for the court in hearing arguments on a motion for a new trial which lasted all day. The motion was overruled.

Mrs. Chadwick was convicted on seven counts and sentenced upon six counts. For four of these counts a sentence of two years each was imposed. Upon two counts a sentence of one year each was imposed, making a total sentence of ten years.

As soon as the sentence was pronounced, Attorney J. F. Dawley of counsel for Mrs. Chadwick took exceptions to the sentences upon each count, except the first count. The defense intends to make the claim that the court cannot impose a separate sentence for each count, that the law applies to the general charge instead of each incident of a general charge. The various counts of the indictment are considered by the defense to refer only to details of the general offense. This point will so be contested in the higher court, as will the other points of the Chadwick trial which results in her conviction.

Either Judge Francis J. Wing or Mr. Dawley will go to Cincinnati during the day to make arrangements for a review of the case by the United States circuit court of appeals.

Will Ask for Stay of Sentence.

The first step taken by the defense will be to ask for a stay of sentence until the appeal is carried out. There was an understanding with United States Marshal Chandler, United States Attorney Sullivan and the court during the day that there would be no attempt to execute the sentence until the defense had had an opportunity to carry the case to the higher court and thus secure a stay of sentence.

No action will be taken by United States Attorney Sullivan regarding the other six indictments against Mrs. Chadwick in the federal court until the present case is finally disposed of. If the present conviction and sentence are sustained by the last court, the other cases will be dropped, otherwise they will be used against the woman.

The action of the court during the day finally closed the Chadwick case as far as the Cleveland court is concerned unless the unexpected happens and the higher court discharges the woman or orders a new trial. This, however, does not relax the strain for United States Attorney Sullivan. He will have to defend the government's case through every court to which the defense may appeal.

Mrs. Chadwick was not particularly affected by the action of the court during the day as seemingly she had resigned herself to any action that might be taken. When she was told that the motion for a new trial had been refused she merely nodded her head as if she already knew, though she is so hard of hearing she could not have known what words the court uttered.

Woman Hard of Hearing.

When ordered to stand up and receive the sentence Mrs. Chadwick did not hear and was assisted to her feet by Deputy Marshal Clobitz. The court asked her if she had anything to say why sentence should not be pronounced.

She looked around in bewilderment. She was not certain what was taking place and had not the slightest idea what the court said. She was led forward nearer the bench and the court shouted the question. She then understood.

"I have something to say," she said, "but I would like to consult with my attorney first."

"You may do so, but it must be immediately," the court enjoined her. "If you have anything to say you must say it now."

Mrs. Chadwick said there was nothing she cared to say herself. Her attorneys made no appeal to the court and the sentence was immediately imposed. Judge Taylor made no remarks, except to explain the terms of the sentence. He stated that the sentence of one count should begin at the expiration of the one preceding it.

After the sentence was imposed court adjourned but it was over half an hour later before Mrs. Chadwick was taken back to the county jail.

By good behavior Mrs. Chadwick could reduce her time of imprisonment to 8 years and 4 months.

Ferry Works Successfully.

Duluth, March 28.—In the teeth of a blinding northwest gale blowing at the rate of forty miles an hour, forty passengers boarded the famous aerial ferry and made the initial trip on that structure at 6 p. m. The ferry worked successfully.

EXPLAINS MYSTERIOUS CASE.

Father of Frank Rogers Talks of His Son's Disappearance.

Chicago, March 28.—The first apparently adequate explanation of the mysterious disappearance of Evanson to Frank Ely Rogers and his aunt, Miss Florence Ely, four years ago was made at night by James Rogers, father of the boy. Mr. Rogers said: "At the time of the disappearance my son Frank, like many boys of his age, was fired with a desire to run away from home and see life for himself. His aunt, a sufferer from melancholia, was about to be placed by us in a sanitarium, a proceeding to which she strongly objected. As a result of these circumstances the two left home together and went to Buffalo. There they separated, Miss Ely entering a large store apparently to do some shopping and leaving Frank outside. She had previously given him a small sum of money. From that time until now Frank has not been seen. Ely and neither he nor we know her whereabouts. Frank, following out his ideas of seeing life, made a living as best he could and has finally returned home after many vicissitudes. This is the explanation of the mystery as learned by me from my son, and is apparently the whole truth."

IN THE BEEF TRUST CASE.

Former Employee of Armour & Co. Testifies in Chicago.

Chicago, March 28.—J. E. Shields of New York city, formerly an employee of Armour & Co., during the day occupied most of the time of the federal grand jury that is investigating the workings of the so-called "beef trust."

Mr. Shields has been guarded closely by secret service officers since his arrival from New York. It is understood that much of the testimony previously taken by the grand jury serves only as a schooling in regard to the live stock and the meat business in general.

Trial of Nan Patterson.

New York, March 28.—The trial of Nan Patterson for the murder of Caesar Young will be begun before Recorder Goff in the court of general sessions early in April. At the request of District Attorney Jerome, Justice Fitzgerald removed the case from the supreme court to the court of general sessions.

Stay of Execution Granted.

Madison, Wis., March 28.—The supreme court has granted a stay of execution to Charles S. Havenor, president of the Milwaukee baseball team. Havenor, as an alderman in Milwaukee, was convicted of bribery and sentenced to two years in the house of correction. He is released on \$10,000 bail.

Fourteen residences and two stores were destroyed by fire at Walters, Miss., Monday night. Loss, \$50,000.

MINNESOTA PIONEER DEAD.

Veteran of Mexican and Civil Wars Dies in Minneapolis.

Minneapolis, March 28.—William Stringer, one of the oldest citizens of Minneapolis, died during the day in this city. He was born in 1824 in Prince Edward's Island. He served in the navy in the Mexican war and was with Scott at Vera Cruz. He served three years in the Civil war in the Seventh Minnesota volunteers, not only in the South, but in Minnesota against the Indians in the uprising of 1862. He came to Minnesota in 1857 and has resided in Minneapolis ever since.

FAIL TO LOCATE THE JAPS.

Cossack Patrols Find No Enemy South of the Russian Front.

Gunshu Pass, March 28.—The Japanese apparently have withdrawn from the region to the south of the Russian front. Cossack patrols, which have been making extensive reconnaissances southward, found no Japanese within thirty-five miles. General Linevitch is dispatching scouting parties east and west to guard against a possible turning movement.

A number of Chinese bandits have been captured, some of whom are Mongolians.

TEN YEARS IN PRISON

SENTENCE IMPOSED ON MRS. CAS-
SIE L. CHADWICK BY JUDGE
ROBERT W. TAYLOR.

NEW TRIAL NOT GRANTED

COUNSEL FOR THE CONVICTED
WOMAN WILL CARRY CASE
TO HIGHER COURT.

Cleveland, March 28.—Unless the higher court interferes, Mrs. Cassie L. Chadwick will spend the greater part of the next ten years in the Ohio penitentiary.

A sentence of ten years was imposed on her by Judge Robert W. Taylor in the United States district court at 5 p. m. The sentence came at the close of a busy day for the court in hearing arguments on a motion for a new trial which lasted all day. The motion was overruled.

Mrs. Chadwick was convicted on seven counts and sentenced upon six counts. For four of these counts a sentence of two years each was imposed. Upon two counts a sentence of one year each was imposed, making a total sentence of ten years.

As soon as the sentence was pronounced, Attorney J. F. Dawley of counsel for Mrs. Chadwick took exceptions to the sentences upon each count, except the first count. The defense intends to make the claim that the court cannot impose a separate sentence for each count, that the law applies to the general charge instead of each incident of a general charge. The various counts of the indictment are considered by the defense to refer only to details of the general offense. This point will so be contested in the higher court, as will the other points of the Chadwick trial which results in her conviction.

Either Judge Francis J. Wing or Mr. Dawley will go to Cincinnati during the day to make arrangements for a review of the case by the United States circuit court of appeals.

Will Ask for Stay of Sentence.

The first step taken by the defense will be to ask for a stay of sentence until the appeal is carried out. There was an understanding with United States Marshal Chandler, United States Attorney Sullivan and the court during the day that there would be no attempt to execute the sentence until the defense had had an opportunity to carry the case to the higher court and thus secure a stay of sentence.

No action will be taken by United States Attorney Sullivan regarding the other six indictments against Mrs. Chadwick in the federal court until the present case is finally disposed of. If the present conviction and sentence are sustained by the last court, the other cases will be dropped, otherwise they will be used against the woman. The action of the court during the day finally closed the Chadwick case as far as the Cleveland court is concerned unless the unexpected happens and the higher court discharges the woman or orders a new trial. This, however, does not relax the strain for United States Attorney Sullivan. He will have to defend the government's case through every court to which the defense may appeal.

Mrs. Chadwick was not particularly affected by the action of the court during the day as seemingly she had resigned herself to any action that might be taken. When she was told that the motion for a new trial had been refused she merely nodded her head as if she already knew, though she is so hard of hearing she could not have known what words the court uttered.

Woman Hard of Hearing.

When ordered to stand up and receive the sentence Mrs. Chadwick did not hear and was assisted to her feet by Deputy Marshal Clobitz. The court asked her if she had anything to say why sentence should not be pronounced.

She looked around in bewilderment. She was not certain what was taking place and had not the slightest idea what the court said. She was led forward nearer the bench and the court shouted the question. She then understood.

"I have something to say," she said, "but I would like to consult with my attorney first."

"You may do so, but it must be immediately," the court enjoined her. "If you have anything to say you must say it now."

Mrs. Chadwick said there was nothing she cared to say herself. Her attorneys made no appeal to the court and the sentence was immediately imposed. Judge Taylor made no remarks, except to explain the terms of the sentence. He stated that the sentence of one count should begin at the expiration of the one preceding it.

After the sentence was imposed court adjourned but it was over half an hour later before Mrs. Chadwick was taken back to the county jail.

By good behavior Mrs. Chadwick could reduce her term of imprisonment to 8 years and 4 months.

Ferry Works Successfully.

Duluth, March 28.—In the teeth of a blinding northwest gale blowing at the rate of forty miles an hour, forty passengers boarded the famous aerial ferry and made the initial trip on that structure at 6 p. m. The ferry worked successfully.

EXPLAINS MYSTERIOUS CASE.

Father of Frank Rogers Talks of His Son's Disappearance.

Chicago, March 28.—The first apparently adequate explanation of the mysterious disappearance from Evans-ton to Frank Ely Rogers and his aunt, Miss Florence Ely, four years ago was made at night by Jones Rogers, father of the boy. Mr. Rogers said: "At the time of the disappearance my son Frank, like many boys of his age, was fired with a desire to run away from home and see life for himself. His aunt, a sufferer from melancholia, was about to be placed by us in a sanitarium, a proceeding to which she strongly objected. As a result of these circumstances the two left home together and went to Buffalo. There they separated, Miss Ely entering a large store apparently to do some shopping and leaving Frank outside. She had previously given him a small sum of money. From that time until now Frank has not been seen. Miss Ely and neither he nor we know her whereabouts. Frank, following out his ideas of seeing life, made a living as best he could and has finally returned home after many vicissitudes. This is the explanation of the mystery as learned by me from my son, and is apparently the whole truth."

IN THE BEEF TRUST CASE.

Former Employee of Armour & Co. Testifies in Chicago.

Chicago, March 28.—J. E. Shields of New York city, formerly an employee of Armour & Co., during the day occupied most of the time of the federal grand jury that is investigating the workings of the so-called "beef trust."

Mr. Shields has been guarded closely by secret service officers since his arrival from New York. It is understood that much of the testimony previously taken by the grand jury serves only as a schooling in regard to the live stock and the meat business in general.

Trial of Nan Patterson.

New York, March 28.—The trial of Nan Patterson for the murder of Caesar Young will be begun before Recorder Goff in the court of general sessions early in April. At the request of District Attorney Jerome, Justice Fitzgerald removed the case from the supreme court to the court of general sessions.

Stay of Execution Granted.

Madison, Wis., March 28.—The supreme court has granted a stay of execution to Charles S. Havenor, president of the Milwaukee baseball team. Havenor, as an alderman in Milwaukee, was convicted of bribery and sentenced to two years in the house of correction. He is released on \$10,000 bail.

TELEGRAPHIC BREVITIES.

Fire wiped out the business portion of Faunsdale, Ala., Monday. Loss, \$55,000.

Major Charles B. Hinton, U. S. A., was found dead in bed at a hotel in Davenport, Ia.

At Harrisburg, Ill., half of the east side of the public square was destroyed by fire Monday. Loss, \$60,000.

Fourteen residences and two stores were destroyed by fire at Walters, Miss., Monday night. Loss, \$50,000.

MINNESOTA PIONEER DEAD.

Veteran of Mexican and Civil Wars Dies in Minneapolis.

Minneapolis, March 28.—William Stringer, one of the oldest citizens of Minneapolis, died during the day in this city. He was born in 1824 in Prince Edward's island. He served in the navy in the Mexican war and was with Scott at Vera Cruz. He served three years in the Civil war in the Seventh Minnesota volunteers, not only in the South, but in Minnesota against the Indians in the uprising of 1862. He came to Minnesota in 1857 and has resided in Minneapolis ever since.

FAIL TO LOCATE THE JAPS.

Cossack Patrols Find No Enemy South of the Russian Front.

Gunshu Pass, March 28.—The Japanese apparently have withdrawn from the region to the south of the Russian front. Cossack patrols, which have been making extensive reconnaissances southward, found no Japanese within thirty-five miles. General Linevitch is dispatching scouting parties east and west to guard against a possible turning movement.

A number of Chinese bandits have been captured, one of whom are Mongolians.

LOAN WILL BE CONCLUDED.

Principal French Banking House Finally Yields.

London, March 28.—The Daily Telegraph says that it understands that the principal French banking house which opposed the Russian loan has now yielded and that the loan will be concluded.

Russia Buys Ten Steamers.

London, March 28.—The Times states that Russia has bought ten Hamburg-American steamers for delivery at Libau with cargoes and coal. It is supposed that they are designed for employment as colliers to the Baltic squadron.

FATAL CANOE ACCIDENT.

Two Young Women and an Iowa Man Drowned.

San Diego, Cal., March 28.—Lucy and Helen Baker, young women of this city, and their cousin, Harry Hayes of Iowa, were drowned during the day by the upsetting of a canoe.

Robert Louis Stevenson.

Here is a pen portrait of Robert Louis Stevenson, written by Dr. Alexander H. Japp: "Not so tall probably as he seems at first sight from his extreme thinness, but the pose and air could not be otherwise described than as distinguished. Head of fine type, carried well on the shoulders, and in walking, with the impression of being a little thrown back; long brown hair, falling from under a broadish brimmed Spanish form of soft felt hat. Rembrandtesque; loose kind of Iverness cape when walking and invariable velvet jacket inside the house."

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption. J. W. McKinnon, of Talladega Springs, Ala., writes: "I had been very ill with Pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at H. P. Dunn & Co.'s drug store, prices 50c and \$1.00. Trial bottle free.

Russian Jews Alarmed.

Kishineff, Russia, March 27.—Jews are much alarmed at the renewal of anti-Semitic demonstrations. The government is taking active measures to prevent outbreaks.

Quick Relief for Asthma Sufferers.

Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. H. P. Dunn & Co.

After the Defalcation.

Junior Partner—I never suspected him at all. Senior Partner—Neither did I, although it did seem a little singular to me that he should be able to pay \$2,000 a year rent out of a salary of \$1,500.—New York Press.
